### **Thalasso - reducing** (90 minutes) € 200,00

Slimming and draining treatment with compresses of brown algae. Algae are the main element of this intensive body treatment with a reducing effect. A long massage completes this exceptional treatment.

### **Thalasso - firming** (90 minutes) € 200,00

Shaping and firming treatment made with Guèrande's salt and Spirulina algae. The treatment starts with a scrub, using Guèrande salt, with a highly smoothing result to prepare the skin for the next step: a wrapping with Spirulina algae for an intensive action. An exclusive massage using bamboo sticks for a draining effect, completes the treatment.

### **Hammam** (120 minutes) € 230,00

An incredible soft and nourished skin due to cellular renewal thanks to a savonage and the use of argan oil.

The treatment begins with a scrub on face and body based on medicinal herbs and a powder made of argan and apricot kernels.

After the scrub, a pure Moroccan clay body mask is applied, its trace elements and vitamins will penetrate during the steam bath. The steam step is followed by a savonage with black soap fragranced with eucalyptus. Finally a relaxing massage with argan oil completes the treatment, making your skin perfectly supple, bright and hydrated.
